### Career Objective

---

Highly motivated Computer Science and Engineering (CSE) student with a strong foundation in web development, software engineering, and data-driven systems. Currently pursuing a Bachelor's degree at Independent University, Bangladesh (IUB), with a minor in Big Data and High-Performance Computing. Passionate about leveraging technology and innovation to drive impactful solutions. Seeking an opportunity at Unilever Bangladesh to apply my technical expertise, problem-solving abilities, and leadership skills in a dynamic and growth-oriented environment.

### Education

---

#### **Bachelor of Science in Computer Science and Engineering(CSE)**

Independent University Bangladesh(IUB)

Minor: Big Data and High Performance Computing.

**2022-Present**

IUB,Bangladesh

#### **Higher Secondary School Certificate (Science Group)**

Barguna Residential Model College

GPA(grade point average): 5.00

**February,2020**

BRMC,Bangladesh

#### **Secondary School Certificate (Science Group)**

Garjunbunia Secondary School, Barguna

GPA(grade point average): 5.00

**April,2018**

Bangladesh

#### **Junior School Certificate**

**November,2015**

## Skill

---

### Web & Software Development:

- **Front-End:** HTML, CSS, JavaScript, React.js, Tailwind CSS, Bootstrap
- **Back-End:** Node.js, Express.js, MERN Stack (MongoDB, Express.js, React.js, Node.js)
- **Database Management:** MongoDB, MySQL, Firebase (Realtime Database & Firestore)
- **Version Control:** Git, GitHub
- **Cloud Technologies & Deployment:** AWS (EC2, S3), Firebase Hosting, Vercel, Netlify
- **Frameworks & Libraries:** React.js, Redux, Axios, Tailwind CSS, Bootstrap

### Programming & Computational Technologies:

- **Languages:** Python, JavaScript (ES6+), Java, C, C++
- **Core Concepts:** Data Structures & Algorithms, API Development & Integration, Parallel Processing & Optimization
- **Cybersecurity:** RSA Encryption

## Professional Experience

---

### Full-Stack Web Developer | Independent Projects

- Built **BookVerse**, a full-featured book library system with React, Node.js, & Firebase.
- Built a **Gardening Tips Web App** with full **CRUD operations**, featuring public/private tips, seasonal planting guides, and a "Plant Doctor" section using **React**, **Express.js**, and **MongoDB** (no Mongoose).
- Delivered responsive UI, secure user authentication, and fast API performance.

### Research Assistant | FabSat, IUB – CanSat Project

- Developed embedded systems for satellite telemetry and real-time sensor data processing.
- Reduced data loss by 30% through optimized communication protocols.

### Cybersecurity Developer | Personal Research

- Designed RSA-based encryption and hashing systems to secure data storage and transmission.

### Robotics & Automation Engineer | Independent Projects

- Built an autonomous robotic car with obstacle detection using Arduino and sensor algorithms.

### **District Leader – NCTF** | UNICEF-Linked Youth Program

- Led community initiatives in child advocacy, mobilizing 500+ volunteers in health and education outreach.

### **Achievements**

---

- Selected for the **Dean's Merit List** at Independent University, Bangladesh, in recognition of academic excellence .
- Built a custom RSA-based encryption system with layered security features, significantly enhancing data protection in simulated environments.
- Led social impact projects as **District Leader (Barguna)** in UNICEF-backed NCTF, organizing large-scale child rights and health awareness campaigns.

### **Projects**

---

#### **Gardening Tips App** | *Full-Stack (React, Express.js, MongoDB)*

- Built a responsive CRUD web app with public/private gardening tips and seasonal planting guides.

 [Live Demo](#)

#### **BookVerse** | *Full-Stack (React, Node.js, MySQL, Firebase)*

- Developed a digital book library system with reading progress tracking, wishlists, and secure authentication.

 [Live Demo](#)

#### **Real-Time Weather App** | *React, OpenWeatherMap API*

- Created a weather dashboard with live climate updates and interactive map integration.

 [Live Demo](#)

### **Voluntary Works**

---

- Works ACM club IUB program organization.
- Works IEEE club IUB program organization.
